

CERTIFICATE OF PARTICIPATION

Sina Etebar

has attended the **2nd HEP C++ Course and Hands-on Training** from **18 – 22 January 2021**

The course was organised into 12.5 hours of lectures plus 8 hours of training sessions.

The lessons were taught by Dr. Sebastien Ponce (CERN) and the training sessions supported by mentors from within the high energy physics community.

The course content ranged from basic to advanced concepts of C++ software engineering and included up to the C++ '17 ISO standard.

The event was co-organised by the training working group of the **HEP Software Foundation**¹ and the **Software Institute for Data Intensive Sciences**².
